## EDUCATION

### University of Petroleum and Energy Studies

BTech in Computer Science, Full Stack AI, CGPA: 7.7

Dehradun, Uttarakhand (IN)

Aug 2022 – May 2026

### Pt. Uma Dutt Public School (CBSE)

CBSE Class XII, Percentage: 92.60

Dholpur, Rajasthan (IN)

April 2020 – May 2021

### Pt. Uma Dutt Public School (CBSE)

CBSE Class X, Percentage: 92.40

Dholpur, Rajasthan (IN)

April 2018 – May 2019

**Relevant Coursework:** Build and Release Management, Development Automation, Data Structures and Algorithms, Object Oriented Programming, Database Management, Operating Systems, Computer Networks, Web Development

## TECHNICAL SKILLS

- Programming Languages: C/C++, Java, Python, SQL
- Web Development: HTML, CSS, Javascript, React.js, Node.js, Express.js, MERN Stack, AngularJS, Bootstrap, REST APIs
- Databases: MySQL, MongoDB
- Windows DevOps Tools: Docker, Git, GitHub, Build Automation, AWS (Amazon Web Services), Microsoft Azure
- Operating Systems: Linux, Windows

## EXPERIENCE

### ISCI Foundation

Social Intern

June 2023 – July 2023

Dholpur, Rajasthan (IN)

- Contributed to women's empowerment, rural development, and environmental sustainability initiatives through afforestation, community programs, and promoting sustainable livelihoods via entrepreneurship.
- Partnered with local organizations to improve education and healthcare for marginalized communities by creating sustainable, impactful solutions.

## PROJECTS

### Uptime Monitoring System | React, Tailwind CSS, Node.js, Express, MongoDB

Present

- Engineered a web-based uptime monitoring system to track website performance and availability from multiple global regions, providing **real-time alerts** and a **user-friendly dashboard**.
- Integrated **MongoDB** for efficient data management and storage of uptime metrics.

### Pizza-Delivery Web Application | React.js, Node.js, REST APIs

May 2024 – July 2024

- Developed a full-stack pizza ordering platform with **React.js** for dynamic front-end and **Node.js** for real-time order processing, implementing **JWT** for secure user authentication.
- Optimized backend with **Express.js** and **MongoDB**, integrating third-party payment gateways via **RESTful APIs** for efficient order data handling and inventory management.

## CERTIFICATIONS AND RESEARCH

- Certified in **Java** by **HackerRank**
- **Career Essentials in Generative AI** by **Microsoft**
- Certified in **Web Development** by **Great Learning**

## EXTRACURRICULARS

- **Events Head** at UPES-CSI Student Chapter: Led a team of 500 members to organize 20+ events, enhancing skills in teamwork and event management.
- Organizing Committee Member for **UPES-CSI Hackathon 8.0**: Coordinated logistics to ensure a successful event.
- Organizing Committee Member for **ICMLDE-2023**: Facilitated academic discussions and networking at the **International Conference on Machine Learning and Data Engineering**.
- **Bronze** Medalist in the **International Award for Young People (IAYP)**: Recognized for achievements in skill development, community service, and physical activities.
- Participant in **UHackathon** by UPES School of **Computer Science**: Contributed to collaborative problem-solving and innovation.
